

Breaking News for Children Visitation Rights

**CATHERINE FALK DAUGHTER OF THE LATE
TV & FILM STAR PETER FALK ANNOUNCED
TODAY THAT "THE PETER FALK BILL" IS
BEING SPONSORED BY NY STATE
ASSEMBLYMAN WILLIAM B. MAGNARELLI
(D) AND NY STATE SENATOR JOHN
DEFRANCISO (R)**

THIS BILL HAS BI-PARTISAN SUPPORT! PETER FALK'S HOME STATE OF
NEW YORK IS THE RIGHT STATE FOR THIS BILL TO START

Los Angeles, CA – Catherine Falk –
(www.catherinefalkorganization.org), the youngest daughter of
TV/ film star Peter Falk, who was loved by millions as
COLUMBO, announced today that The Peter Falk Bill is closer to
being a reality in the state of New York.

NY State Assemblyman William B. Magnarelli (D) of Syracuse is
sponsoring The Peter Falk Bill A.3461 which is in the
legislation and being decided on by the New York state
assembly. At the same time New York State Senator John
DeFrancisco (R), who serves as Chairman of the Senate Finance
Committee is sponsoring and introducing the bill S.5154 in
the current NY state senate session. In addition, there are 12
other assemblyman and woman who support this bill.

*Assemblyman Magnarelli states, "This piece of legislation
will ensure that the rights of adult children are respected
when their parent is under a conservatorship. It guarantees*

their basic right to be informed about significant changes in their parent's condition, including death and burial arrangements. It also provides a procedural path for adult children to petition the court for visitation if they believe their parent is being improperly isolated from them. This bill will be named in the honor of the late Peter Falk, renowned actor, New York native and Syracuse University Alumnus."

Catherine Falk states, "My parents met while attending Syracuse University and we are all graduates of that great school, so Syracuse and New York is the right state for this bill to start."

Catherine Falk has been on a journey that started 2009-2010 when she went to trial fighting in probate court for visitation rights under the conservatorship umbrella with her dad's second spouse; who was isolating not only Catherine but also her sister Jackie, family members, his first wife Alyce and friends.

Falk maintains that "Once again greed and money were at the bottom of the problem for isolation of an elderly parent." During the court case Falk turned to her then attorney and told him that they must create and write a bill that would pass a law to prevent this from happening again to anyone in the future.

In 2011 Catherine Falk and her then attorney created and pioneered the first draft for the California visitation rights bill AB1085 which was the first of its kind for California. Assemblyman Mike Gatto of Burbank, CA sponsored the bill, which is expected to become law in the State of California.

Catherine Falk is brave and with her own money is funding this bill. No donations are being asked for or accepted. As a matter of fact Catherine does not believe anyone with a

similar bill should ever make money from this kind of work! Falk said "It seems that people get side tracked and try to get fame and fortune from getting bills like this passed, I seek neither; I truly want to see no one else lose precious time with their parent."

Catherine Falk now has huge momentum in New York State for this bill to pass. This year is the 4th Anniversary of Peter Falk's death; it would be great to get this bill passed in NY State this year. Falk states that 'My dad always told me "go get them kid" He always taught me to stay true to myself and stay true to who I am, and to fight for what I know is right...Just one more thing Ma'am...was truly how he lived his life on and off the screen."

Falks Publicist, Roger Neal said, "Many stars are lining up to support the Peter Falk Bill including: Ron Masak star of Murder She Wrote who was a friend of Peter Falk for many years, Kerry and Kimmy Rooney the children of movie star legend Mickey Rooney; who know all too well what Falk and many others are going thru when denied access to their ailing parent by a step parent. In addition, Jackie Falk and their mother Alyce Falk (Peter Falk's first wife) are in full support of Catherine and this bill"

LOGAN CLARKE, renowned investigator of human trafficking supports the Peter Falk Bill.

Catherine Falk said "I am very excited and hopeful that the NY ASSEMBLY and the NY STATE SENATE will pass the Peter Falk Bill. Falk stated that The Peter Falk Bill is also being considered in the states of New Jersey, Washington D.C., Florida, Utah, Connecticut, Massachusetts and Maine.
