

# Resource Center

Welcome to the Catherine Falk Organization Resource Center. We are just in the process of making the information here more useful. Additionally, as new information is known about the first legislative bill currently on its way to being passed, we will create a section on how to use this to your benefit. We apologize for any inconvenience. In the interim, please feel free to contact us and share your story as it relates to being denied visitation of one of your parents.

Below, are links to the ULC Website, the “Uniform Law Commission”. An organization that is helping draft our laws: Uniform Guardianship and Protective Proceedings Act to visit their website, please visit: [www.uniformlaws.org](http://www.uniformlaws.org) and learn more about who they are and how they help organizations just like Ours.
